- ARC winner (Gran Canaria - Ste Lucie)
- Racing IRC Division 2020

1st participation in the CIC Normandy Channel Race

SKIPPER'S MOTIVATION

Tanguy Duchatelet: Very happy to take the start of the CIC Normandy Channe Race 2021 with Fabrice and proud of the confidence that Lenzi places in us. This beautiful, demanding and technical course with the evocative names «Solent», «Wight», «Lizard», «Fasnet» should allow us to achieve several objectives: take our marks for our first offshore race on this boat, search for performance , qualification for the TJV and most important: have fun!

Fabrice Renouard: Passionate about sailing, I did my first transatlantic race last year, starting at the ARC (Las Palmas - Sainte Lucie) alongside Jean-Pierre Dick. This new year promises to be full of new challenges with the discovery of the Class 40.
If this is our very first time participating, we look forward to giving our all!
