## ● SKIPPER'S MOTIVATION

*We are very happy to be at the start of this beautiful class40 classic on a beautiful boat in the middle of a top flight line up.*

*The aim is to give it our all, to have fun and to hang on to the best possible place. Even if the boat is not of the latest generation it is very versatile and the course of the Normandy Channel Race is open to all sorts of weather and strategic scenarios, we are not immune to a nice surprise!*

*It's also an opportunity to share the world of ocean racing with the Sextant Foundation and all the children of the associations it supports. And that's a great motivation for us.*
