1<sup>st</sup> participation in the Normandy Channel Race

## ● SKIPPER'S MOTIVATION

*Requiring the utmost commitment from its crews, this top-level Class40 race will be the finest event of the season for us. It's a fantastic way to continue making progress on what is a complicated and demanding course. We're going to try to show the others what our older generation boat, number 30, is made of and we'll be gunning for the Top 10! For the past 2 years since I got involved in offshore racing, my aim has been to reconcile competition and the championing of the protection of the oceans. This year, I'm proud to be sporting the colours of Pure Ocean for this race, which is a foundation that supports innovative projects, thus contributing to the protection of marine ecosystems and biodiversity.*
