## ● SKIPPER'S MOTIVATION

*Florian:* Like everyone else, we were in anticipation, but we remained fully motivated, with the idea of making the most of the second part of the season. The Normandy Channel Race is a first for me and will be the first race of the year but also one of the last with this vintage boat. The idea being to acquire a new Class40 mount in the last quarter. I am happy to participate in this edition with my friend and to find the conditions of the open sea on a complex course.

*Raphaël:* It is a real pleasure to participate in the Normandy Channel Race. The race offers a very technical course that allows you to meet different sailing conditions and to battle with other boats in the class. This is my first race of the year on the Class40 N ° 60 since our return from the Transat Jacques Vabre. I am delighted to find the boat and to get back on the water.
