● SKIPPER'S MOTIVATION

Finally back on the road again! The Normandy Channel Race has been on the agenda since we entered the Class 40 in 2015, but always something came up making the schedule not possible. But after 40 000 miles in Class 40 it is finally time to make this epic race. Being a second generation Class 40 our strength is definitely not downwind or reaching, but upwind we can still be competitive. So, for competition we pray for upwind, but for pleasure we pray for a nice downwind ride. Question is shall the wish be Pain or Chocolate – or why not a Pain au Chocolat!
