● SKIPPER'S MOTIVATION

We want to take advantage of this edition, which will feature many new boats, to compare the performances of the different ones at the start of the season, as well as to materialize the changes that have been made in the sails and in the systems on board. This is all part of the preparation for the Jacques Vabre transatlantic race in November as well as the Route Du Rhum in 2022. The pandemic has further limited sailing opportunities this winter so we will also be very happy to be back on the starting line. for this fabulous race!
