● SKIPPER'S MOTIVATION

Maxime: In 2017, the CIC Normandy Channel Race was my first Class40 championship race, I am particularly attached to it. The course is as magnificent as it is demanding, I can't wait to find Tuskar Rock, the lighthouse of the Fastnet ... Our ambition is to have as much fun as in 2018, to leave the boats older than ours behind us. and why not finish in front of a few more recent boats.

Jules: Super happy to participate in the NCR again with Maxime, the course is really great and there is still a great field. I wish us good sailing and having as much fun on the water as we did 3 years ago.
