## ● SKIPPER'S MOTIVATION

*We are looking forward to another Normandy Channel Race as a father-son team, our second running of the NCR and our second Class 40 race. We loved the challenges offered in our first participation and how the English Channel didn't let up all the way to the finish. We're looking forward to continuing to climb the learning curve in these great sailboats and to pushing ourselves and our skills harder and further. After the challenges of the past year, we are looking forward to the freedom and independence offered on the ocean and, as always, another opportunity to enjoy the camaraderie that ocean racing offers. It is great to have such a special race to start the 2021 season.*
