19 PRIZES

Prizes will be awarded to each participant with the exception of any cash prizes.

20 RESPONSIBILITIES OF THE ORGANISER AND COMPETITORS

- 20.1 RRS 3 states: "The responsibility for a boat's decision to participate in a race or to continue racing is hers alone". By participating in this event, each competitor accepts and recognizes that sailing is a potentially dangerous activity with inherent risks. These risks include strong winds and rough seas, sudden changes in weather conditions, equipment failure, errors in maneuvering the boat, improper navigation of other boats, loss of balance on an unstable surface. and fatigue, leading to an increased risk of injury. The risk of material and / or bodily damage is therefore inherent in the sport of sailing.
- 20.2 Skippers participate in the event at their own risk and fully accept that choosing to do so is their own responsibility. It is the sole responsibility of each skipper to decide whether or not to take the start of the event or continue with it, as regards his or her competence, the equipment at their disposal, the wind strength, the weather forecasts, etc. Any information that any member of the OA is in a position to provide before or during the event, for example a gale warning, will constitute one detail among others upon, which the skipper may base his or her decision without the OA being accountable.
- 20.3 The responsibility of the OA and its partners is limited to ensuring the smooth running of the event; any further responsibility that the OA may agree to would have to be contractual and explicit. Furthermore, any checks the race committee undertakes, shall have the sole aim of ensuring that the current race rules and documents have been adhered to.
- 20.4 The monitoring, and in particular telephone monitoring, as well as fleet tracking that the OA might provide, should be considered by skippers as optional and uncertain, and under no circumstances as an extra safety measure which may be relied upon. Any request made to a member of the OA would not make the OA accountable unless the latter has expressly agreed to this request, either directly or through one of its official spokesmen/women. This particularly applies to various requests for help and even assistance at sea.

- 20.5 Skippers will be held personally responsible for any material or physical damage to themselves, their boat, other boats, or any third part or the property of a third party. Skippers shall be accountable to the OA for taking out all the necessary insurance to cover civil liabilities and damages incurred for the race. The absence of third party liability in no way makes the OA or its partners accountable.
- 20.6 Reminder of the RRS 1.1: all boats are compelled to offer all possible assistance to any other boat or person in danger, should they be in a position to do so, in accordance with rule 1.1 of the RRS and the international measures in force. In this case and after changing course, the skipper must immediately supply Race Management with all the details required to ensure there is the possibility of the International Jury later awarding the time back for changing course.

21 USE OF RIGHTS

The owner or user of the boat and any possible sponsor, by the sole fact of their participation, agree that the OA can use, for promotional purposes or other, any text, photo or video footage relating to their participation in the event to be published or broadcast via the press, television or internet (non exhaustive list)
