## ● SKIPPER'S MOTIVATION

*Our Class40 project dates back to the last Transquadra 2022, which we raced against each other.*

*Competitors on the Atlantic in solo, now partners in double-handed with the Transat Jacques Vabre as our objective.*

*After a year of getting to grips with the boat, training, putting it in the colours of our partner Label Emmaüs, preparing it and bringing it up to standard, the CIC Normandy Channel Race will be our first race: the first qualifying stage for the Transat Jacques Vabre and the first opportunity to wear our partners' colours on the water.*

*With a state-of-the-art boat of the latest generation, our ambition is to be in the top half of the ranking in all the races we have entered in 2023.*
