● SKIPPER'S MOTIVATION

We are very happy to be at the start of the 2023 edition of the CIC Normandy Channel Race, a key race on the Class40 circuit! We have several objectives for this race: to validate the work we have done since we got the boat back this winter, to continue to discover it and above all to learn as much as possible from some very high level competitors! This race is a terrible test with constant changes of situation throughout the course. We're careful not to make any predictions about the final result, but we know that the boat is going fast and we're going to give it our all to be up there with the leaders!

PS: A big thank you to the corporate sponsors who are financing the Café Joyeux boat: Accor and Fibus! Well done for their commitment to us.
