● SKIPPER'S MOTIVATION

The CIC Normandy Channel Race is a must for Class40 and a great training race for the Transat Jacques Vabre. We'll be keen to put our experience and know-how to work in order to aim for the top step of the podium.

Pierre and I have known each other for a few years but this is our first time working together, so I'm sure we'll get on well and we can put in some good performances.

The course is very interesting and the field is always more challenging, this CIC Normandy Channel Race is a great challenge for us!
