## ● SKIPPER'S MOTIVATION

«La Manche evidence nautique» is a project to highlight the know-how of Manche sailors, and many sailors from the region will be taking part in the circuit's races in 2023. On this CIC Normandy Channel Race, it is a first for the duo Alexis and Nicolas who are embarking to prepare the Transat Jacques Vabre. This race is special for our two skippers, as the course passes through their backyard! And the label of local of the stage, will galvanize our two Manchois. The tip of the Cotentin, the English coastline and the Channel Islands no longer hold any secrets for them. The objective is to be at the forefront against the best crews of the series.
