● SKIPPER'S MOTIVATION

The line-up for the CIC Normandy Channel Race 2023 will be copious and very strong!

The CURIUM Life forward project is Renaud's project.

The CIC NCR is part of our preparation programme in order to progress and get to know the boat better with a view to the Transat Jacques Vabre in November. With a good boat, giving it our all, as we did, double-handed on the first leg of the Atlantic Challenge in April, the aim is to keep in touch with the best Class40s and to enjoy racing, manoeuvring and tacticizing as best we can.
