MOTIVATION

I am really happy and looking forward to my first CIC Normandy Channel Race! My co-skipper is very expert and it will be a great experience with him. We have a beautiful boat and everything is in place to do well. We have started the year well, the competitors in the regatta will be fierce, we will prepare well. Pablo hasn't won the regatta for a few years, so he will have an extra reason to want to finish in the top places. We both know the course fairly well, it's the preparation, the weather study and the training that will make the difference.
