## ● SKIPPER'S MOTIVATION

We're delighted to be back in Caen for another edition of the CIC Normandy Channel Race. This final event in the European Class40 trophy will be an opportunity for us to measure the performance of our Class40 Bleu Blanc Planète Location against the competition.

*Thierry:* I met Quentin for the first time during a Solitaire du Figaro. Since then, we've sailed together several times, and we know that we're 'compatible'. My aim is to support him as best I can in his quest to discover and perform on this promising new boat.

*Quentin:* The CIC Normandy Channel Race 2022 was the first race run under the Bleu Blanc Planète Location colours, so I'm particularly attached to it. For the record, in 2007, at the age of 18, I took the start here in Caen of the Solitaire du Figaro, where Thierry was then one of the best on the circuit.

So it's all set up for us to have a great race this year!
