## ● SKIPPER'S MOTIVATION

*The Normandy Channel Race will be our first race together on the Class 40. It will be an ideal opportunity to get to know the boat and will help with our preparation for the Globe 40 in 2025.*

*The Normandy Channel Race is the ideal course for our preparations. The different legs and the length of race will ensure we put to the test as many points of sailing as possible, hopefully in a variety of weather conditions.*

*Most importantly it will be a good learning curve for us as we are new to the Class 40 fleet. And with the number of entries, it will be good to get to know the fleet better.*
