- 13<sup>th</sup> Rolex Fastnet Race 2021

**5<sup>th</sup> participation in the CIC Normandy Channel Race**

## ● SKIPPER'S MOTIVATION

Once again this year, the CIC Normandy Channel Race marks the opening of the Class40 season. As a 100% Calvados-based crew, the event is more than ever a must on the circuit. After a disappointing result in 2024, we hope to reverse the trend this year and be one of the main players in this edition.

Although this is the project's 7<sup>th</sup> consecutive participation in the CIC NCR, we know that the course is demanding and leaves no room for error in the face of increasingly intense competition!

As always, Vogue with Crohn's will proudly carry its message of hope for patients suffering from chronic inflammatory bowel disease, proving that 'even when you're ill, anything is possible!'
