## ● SKIPPER'S MOTIVATION

Thanks to a collaboration in IRC Double together for a few years, Stéphane starts since 2023 in the Class40 and Loeiz joins him for the 2025 season in double.

Passionate about offshore racing for many years, the duo, although amateur, now competes at a professional level with the same objective of performance and «doing well». With already two seasons in the Class40 on his list, Stéphane returns to this second edition of the CIC Normandy Channel Race with the ambition to do better. The 2025 double program will be a springboard to the 2026 solo season.
