● SKIPPER'S MOTIVATION

Quentin: first double race of the 2025 season with Thierry on the Class40 Bleu Blanc Planète Location.

A super plateau is once again gathered here in Caen, which will allow us to measure ourselves against the competition. We can't wait to be on the starting line!

Thierry: to be able to live once again the adventure of the CIC Normandy Channel Race with Quentin and his «Bleu Blanc» car just a few months after the 2024 edition is a real chance.

Thanks to Quentin and his team, the boat gained in reliability and performance. But we have also multiplied the training this winter to arrive in Caen with a better knowledge of the boat. Everything is brought together to make a nice race.
