MOTIVATION**

We're very proud to be taking part in the CIC Normandy Channel Race, starting from Caen in Normandy. This will be the first race for the new ZEISS boat, which is a great tribute to both of us from Normandy.

The ZEISS team already took part in 2023, an experience that was rich in learning and marked the start of the sporting project. For this 2025 edition, we're going to be pushing the rocket as hard as we can to keep up with the leading ocean racers who will be there. From the start in the most beautiful part of the world, via the Isle of Wight, Tuskar Rock and the legendary Fastnet in Ireland, the Normandy crew that we're forming will be right up there with the best of them!
