## ● SKIPPER'S MOTIVATION

*3 years ago I found this old Class40 in very bad condition, bought it for small money and start the refit.*

*Later I found out, that this boat has a great history, because she was the first Class40 to win the RDR in 2006.*

*I think it is the best time to get the boat back to the starting line and that's just in time for the 20 birthday of the Class40.*

*So we have the oldest boat in the fleet, that's why we just want to finish the race in the time limit.*
