- 19th Transat Café l'Or

3rd participation in the CIC Normandy Channel Race

● SKIPPER'S MOTIVATION

Good things come in threes! For this third attempt, the goal is clear: to build on our momentum and gain more experience with this new boat. I'm taking part in this year's event once again to support the fight against neurofibromatosis, a cause close to my heart.

Where there's a will, there's a way – Alexandre and I are going to give it our all on this demanding course!
