- European Mixed F16 Champion
- 4th Tour Voile 2021
- 2nd ETF Series 2021

1st participation in the CIC Normandy Channel Race

● SKIPPER'S MOTIVATION

The aim is to continue getting to know this boat and this circuit on a challenging and demanding course. We may not have the most impressive track record, but we have plenty of energy and the desire to do well; we know we're a very complementary duo who work well together, and we're going to give it our all to give the competition a run for their money. After a 'low-key' start to the season spent bringing the boat back from the Caribbean, getting it back into shape and ticking off all the qualifying stages for the Route du Rhum, we now know it's a sturdy boat and that it's up to us to push it harder to realise its full potential.
